# Worth Their Weight In Blood

**By Carole Jahme**

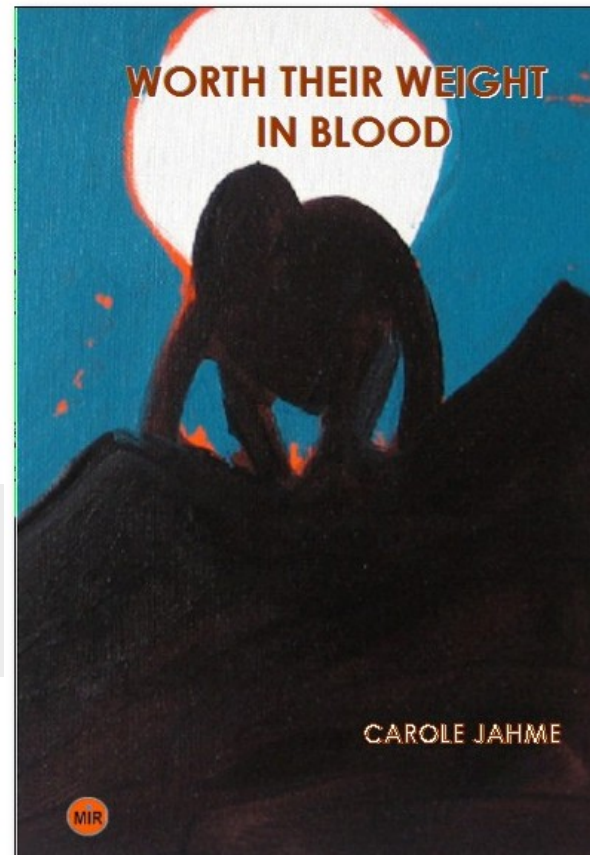

Publication date: Feb. 2012

Price: £8.5

ISBN: 9781908509017

Format/extent: 344 pp Paperback

This extraordinary novel fuses Darwinian science fiction, Gothic horror and small-town low-life. It is a surreal, futuristic nightmare about the attempt of a young single mother to escape from the squalor of the actual into a "utopian" (but actually dystopian) world ruled by vampires. The unique and satirical use of cutting edge biological theory launches the reader into a hilarious and disturbing fantasy world.

## Could Vampires Be Real??

**Carole Jahme** is a fellow of the Royal Society of Arts. She has a Masters in evolutionary psychology and a specialist interest in human communication. Jahme works as a journalist at The Guardian, author, broadcaster, performer and film and program maker and she manages to synthesise Darwinian theory into almost all of her creative ventures.

Carole started her professional life as a model, dancer and actress, she worked with Gerry Cottles Circus performing on the trapeze, tight rope, clowning, acrobatics and acted in movies, TV, radio and theatre, with the likes of Morgan Freeman and Robert Downey Jr, but the call of the wild, particularly the call of wild primates, and the study of human evolution, proved too seductive to resist...
